ABOUT US

Timeless & Dynamic Services Ltd is a Kenyan owned organization whose vision is to positively influence the transformation of key drivers of the social and economic development of Africa through various innovative platforms.

We engage with all key stakeholders of social and economic growth across Africa – the Public sector, Government, Development, Corporate, Business and Social. Our strategy involves collaboration, innovation, team development, inspiration, motivation, strategy and policy reviews and development.

“Women in sub Saharan Africa account for 50.01% of the population according to “TRADING ECONOMICS report from the World Bank 2011” in some parts of Africa the population of women is higher.”

Imagine ...

- If we could empower the African women and leverage their social and economic skills to harness their full potential?
- If we could influence positively the attitudes and Mindsets of African women to unlock hidden talent and opportunities?
- If we could connect African women to each other to scale their outreach and impact through their learning and knowledge sharing experiences?
- If all African women had access to a mentor who nurtured their social and Economic skills?
- If African women had a common voice to address issues affecting them?
- If African women had a shared channel to influence policies, laws and Strategies that affect the livelihoods of their communities, countries and Continent?
  - Just imagine what Wonders these Women would do for Africa !
  - Imagine the positive social transformation in their families and communities!
  - Imagine the economic growth of their countries and continent!
  - Imagine what these WOW - “Women of Wonder” would accomplish !

It is for this reason that The Timeless Women’s Conference has been birthed.
I saw my vision come alive through the women of Africa when the 1st Timeless Women’s Conference themed ‘Healed Heels’ came to a climax on 10th February 2015 at the Timeless Women of Wonder (TWOW) Gala night. I had envisioned a conference like no other– a powerful engagement between the delegates and the panelists, who were all accomplished leaders in their own right representing all sectors. A platform was created for dialogue amongst women and men leaders of Africa, to paint a common vision on how women see the social and economic development of Africa and to identify the role of women in the same.

One thing that came out quite clearly, was the need for transformation of the self, through a positive change in attitude in order to soar to greater heights - on a personal and professional level. For it is true that sometimes in life, we find ourselves in impossible situations; and other times it just feels impossible because we undermine our self-worth. It is also true that the road ahead is not cleared of obstacles and we are not gently placed in front of a set of steps for us to climb and rise to our destiny.

The theme of 2016 and the Image of the Lady Taking the Step, is a reminder that we have to maintain a balance in life while still taking that next STEP; that STEP to push past every obstacle and every excuse, and ultimately embrace our Courage, Fabulousness and Strength as women who are ready to be pace-setters for those who dare to stand up against all odds. Women representation in the leadership of Africa is still marginal and there remains a greater need to bring women to the centre of the distribution of the economic resources of Africa. As you go through the brief, it is my hope that you can be part of Timeless Women, as we collaborate for the flourishing future of our beautiful continent - Africa. Enjoy!

Remember - You do not take that step because you can. You take the step DESPITE.

"YOU DO NOT TAKE THAT STEP BECAUSE YOU CAN.
YOU TAKE THE STEP DESPITE"

ABOUT THE TIMELESS WOMEN'S CONFERENCE 2016

“TAKING THE STEP”

In 2015 we focused on “HEALING HEELS” ... transforming mindsets, attitudes and destroying limiting belief patterns to move into a limitless thought pattern with a positive mindset and attitude for optimization of potential and resources.

In 2016, we take the conversation higher as we dialogue on what we must now DO if Africa is going to grow exponentially socially and economically. Our theme “TAKING THE STEP” will challenge the women of Africa to take the step required to shift the status quo and begin to realise tangible impact in all areas pertinent to social and economic transformation of Africa. We will be looking at the key drivers of social and economic change and discuss our role in bringing about that change from wherever we are. We continue to involve men as a key partner and stakeholder in our strategy to empower and align ourselves to the opportunities.

Beginning on 8th until 10th of February 2016, we will reconvene and continue our dialogue at the Royal Orchid Hotel in Nairobi, where we will be taking stock of the gains we have made so far, what has worked well and what we must do to scale our impacts exponentially especially at the grass roots.

Are women taking centre stage at the decision table and giving input to the issues that concern them?

- Health, education, agriculture, land, finance, law, technology, media, industrialization etc.
- what is the strategy to bring our inputs to table?

How do we scale up our inputs and impacts to millions of African women?

- What are the structures and mechanisms of consulting the women at the grass roots? How do we bring solutions to the women in the grass roots, inspire, empower and support them to succeed?

Are we collaborating for greatness? What kind of strategic partnerships must we put in place to scale solutions and impacts for African women?

What is our responsibility in bringing about the change we desire? How do we structure our inputs in a strategic manner and implement the strategies?

Moving into action for scale.

Influencing for impact.

All delegates will receive automatic membership to the Timeless Women of Wonder - TWOW Foundation! and will be launched into action at the gala dinner night.

All delegates will receive automatic membership to the TWOW portal for networking, knowledge and experience sharing with women leaders from all over Africa as well as access to resource portals of key Timeless partners.

Delegates will have the opportunity to network with women leaders from all over Africa and from multiple sectors during the panel sessions and the social events. This will provide opportunities for business and career growth.

All delegates will receive a Post Conference packet with all key speeches from panellists, the outcomes of each panel discussion and launch materials for Timeless Women of Wonder.

Delegates will contribute towards the outcomes of the conference which will have the potential of feeding into other channels that are instrumental in women’s economic empowerment e.g. Commission on Status of Women Conference in New York, African Union’s Commitment of 2015 being the year of the African Women Entrepreneurs among others.

All delegates will have a red carpet photo opportunity.

Delegates have an opportunity to join a multi-sectoral working group of their choice where they join other women leaders to deliver on Key Initiative/s that will be launched on the gala night.
HIGHLIGHTS OF 2015
TIMELESS WOMEN’S CONFERENCE

The TIMELESS WOMEN’S CONFERENCE 2015 that was themed “HEALED HEELS” set the stage for the dialogue on the role of African women in the social and economic transformation of the African Continent. The 2-day conference brought together 220 women leaders from various countries in Africa who represented all key sectors of the economy.

“Healed Heels” was a theme that would set the foundation for the dialogue, which was centered around transforming mindsets and attitudes in all the critical areas of development to ensure a transformed Africa. It was transformational to see the synergies between the women and the men leaders from the different sectors and how they embraced a new vision that would see a paradigm shift in the economic and social sectors that would see Africa optimize its potential.

A major strategy of the conference was the deliberate involvement of men as key partners in women’s economic and social development and empowerment. With statistics and research showing that most of the world’s wealth is in the hands of men and most of the leadership positions in key sectors of development are held by men, Timeless Women found it critical to have men as key partners. The 2015 Conference saw Key Men Leaders participate in the discussions and offer support in the outcomes of the conference.

The 2015 conference came to a close with the launch of the Timeless Women of Wonder (TWOW) as well as ways in which interested parties can become a part of TWOW.
