Safe and Fair: Realizing women migrant workers’ rights and opportunities in the ASEAN region

Programme Narrative - Philippines

Safe and Fair: Realizing women migrant workers’ rights and opportunities in the Association of Southeast Asian Nations (ASEAN) region is part of the Spotlight Initiative to eliminate violence against women and girls, a global, multi-year initiative between the European Union (EU) and the United Nations (UN). Safe and Fair is implemented through a partnership between the International Labour Organization (ILO) and UN Women (in collaboration with UNODC) with the overall objective (goal) of ensuring that labour migration is safe and fair for all women in the ASEAN region. The Safe and Fair Programme is implemented in ten ASEAN countries, including the Philippines and mainstreams three cross-cutting themes: women’s voice and agency, rights-based approaches, and broad engagement of stakeholders. The Safe and Fair Programme in the Philippines focuses on women Overseas Filipino Workers (OFWs), both land and sea-based, at all stages of labour migration (pre-migration, transit, onsite, return). The project is conducted at the national and local levels in the Philippines, as well as in the countries of destination in ASEAN, and in selected migration corridors in East Asia and the Gulf Cooperation Council (GCC). The Safe and Fair Programme in the Philippines is supervised and guided by the National Project Advisory Committee (NPAC). This is a tripartite-plus (multi-stakeholder) body that is chaired by Overseas Workers Welfare Administration (OWWA), and with the Philippine Commission on Women (PCW) as the Vice-Chair.
